

**5.0 LIST OF PREPARERS****5.1 FEDERAL AGENCIES**

<b>Name/Organization</b>	<b>Primary Responsibility</b>	<b>Qualifications</b>
Peter M. Garcia, P.E., AVS Federal Highway Administration	DEIS review for environmental, design and construction aspects.	B.S., Civil Engineering, experience since 1988 in highway project development and environmental review.
Jaclyn D. Lawton, P.E. Federal Highway Administration	Environmental Programs Engineer, DEIS review for environmental aspects and agency coordination.	B.S., Civil Engineering, experience since 1975 in highway project development and environmental review.

**5.2 STATE AGENCIES**

<b>Name/Organization</b>	<b>Primary Responsibility</b>	<b>Qualifications</b>
Dena E. Grumdahl Wisconsin Department of Transportation, Northwest Region	WisDOT Project Manager; consultant management, project management for WisDOT, DEIS review for environmental and design aspects, public involvement, and agency coordination	B.A. Geography, B.A. Political Science. Experience since 1998 in transportation, land use, and region planning.
Lance M. Burger, P.E. Wisconsin Department of Transportation, Northwest Region	WisDOT Planning Manager, DEIS review for environmental and design aspects, public involvement, and agency coordination	BSCE–P.E. in WI. Experience since 1985 in design, construction, public involvement, environmental documentation.
Thomas Beekman Wisconsin Department of Transportation, Northwest Region	WisDOT Planning Manager, DEIS review for environmental and design aspects, public involvement, and agency coordination	BSCEE–P.E. in WI. Experience since 1990 in WisDOT management in design, planning, operations, programming, and construction services.
Jeffrey L. Emerson Wisconsin Department of Transportation, Northwest Region	WisDOT Supervisor, DEIS review for environmental and design aspects	Experience since 1995 in Public and Private sector in Business Management, Project Management, Systems Planning and Operations Supervision.
Kevin Sikkila Wisconsin Department of Transportation, Northwest Region	Environmental Coordinator; DEIS review of hazardous materials assessment and other environmental issues and for NEPA and WEPA compliance.	M.S. Structural Geology; B.S. Geology. Experience since 1987 in geologic/environmental investigations and review; and since 2000 in transportation project development and construction.
Jay Waldschmidt, P.E. Wisconsin Department of Transportation	EIS Review for environmental aspects and legal sufficiency.	B.S. Civil Engineering, B.S. Mining Engineering. Experience since 1989 in highway project development and environmental review.
Robert S. Newbery Wisconsin Department of Transportation	EIS review for effects and impact on historical resources and for NEPA and WEPA compliance.	M.A., U.S. History, Ph.D. History. Experience since 1984 as WisDOT Staff Historian.
Robert Pearson, P.G. Wisconsin Department of Transportation	EIS Review for environmental aspects and legal sufficiency.	M.S., Hydrogeology; B.A., Geology. Experience since 1986 in environmental review and 1993 in highway project development.
James J. Becker, III Wisconsin Department of Transportation	Archaeology Program Coordinator, Liaison with Native American Tribes; Section 106 Coordinator for Archaeology Resources.	B.A., Organizational Management. Experience since 2000 in Transportation Programs.

**5.2 STATE AGENCIES (Continued)**

<b>Name/Organization</b>	<b>Primary Responsibility</b>	<b>Qualifications</b>
Kassandra Walbrun, AICP  Wisconsin Department of Transportation	EIS review for socio-economic info and indirect/cumulative effects	B.S. Natural Resources & Landscape Architecture. M.A. in Public Administration. Certified by American Institute of Certified Planners. Experience in community planning issues since 1993.

**5.3 CONSULTANTS**

<b>Name/Organization</b>	<b>Primary Responsibility</b>	<b>Qualifications</b>
Joan R. Petersen, P.E.  Strand Associates, Inc.	Project Manager, DEIS preparation, agency coordination, public involvement, data gathering, alternative development, and impact analysis.	B.S., Civil and Environmental Engineering, Professional Engineer in IL and WI; experience since 1983 in transportation planning, environmental documentation, agency coordination, public involvement, rural and urban highway design, and construction management.
Rebecca D. Yao, E.I.T.  Strand Associates, Inc.	Project Engineer, preliminary DEIS preparation, crash analysis, traffic capacity analysis for alternatives, data gathering and impact analysis, public and agency involvement.	M.B.A. candidate, B.S., Civil and Environmental Engineering; experience since 1998 in traffic engineering, transportation planning, public involvement, agency coordination, and environmental documentation.
Tasha L. Stoiber, E.I.T.  Strand Associates, Inc.	Data gathering for threatened and endangered species and natural resources, impact analysis, public and agency involvement, preliminary DEIS preparation,	B.S., Environmental Engineering, B.S., Biological Sciences; experience since 2001 in environmental review and compliance, Phase I and II Site Assessments, wetlands and water resources, and environmental documentation.
Luke T. Hellermann, P.G.  Strand Associates, Inc.	DEIS preparation	B.S., Geology; experience since 1991 in environmental review and compliance, Phase I and II Site Assessments, and environmental documentation.
Peter F. Wood, P.E., R.L.S.  Strand Associates, Inc.	Project Engineer for alternatives and alignment design engineering.	B.S., Civil/Environmental Engineering, Professional Engineer and Land Surveyor in WI; experience since 1972 in urban and rural roadway design, pavement design, and right-of-way plat development.
Tina M. Sebold, P.E., P.H.  Strand Associates, Inc.	Review and coordination of hazardous materials assessment.	B.S., M.S., Civil/Environmental Engineering; experience since 1989 in contaminated site projects and environmental compliance and permitting
James R. McCarthy  Strand Associates, Inc.	Data gathering, field surveys, wetland analysis, natural environment impact assessment, DEIS preparation	M.S., Plant Biology/Restoration, B.S., Environmental Science. Experience since 1989 in environmental evaluation, wetlands, ecology, and land restoration.
Laura J. Stuchlik	Preparation of Phase 1 Reconnaissance and Record	Continuing coursework in Biology, Secondary Education; experience

<b>Name/Organization</b>	<b>Primary Responsibility</b>	<b>Qualifications</b>
Strand Associates, Inc.	Review	since 1998 in literature and field review for environmental and cultural resources and contaminated sites.
Rosemary Stark Strand Associates, Inc.	EIS review and editing	B.A., English, experience since 1986 in proofreading and records management.
Darren Fortney, AICP Short Elliott Hendrickson Inc.	SEH project manager. Indirect and cumulative impact analysis, public involvement, agency coordination, DEIS preparation.	Masters in Urban and Regional Planning, B.S. in Political Science; experience since 1996 in local and state land use and transportation planning including corridor plans and environmental documentation. SEH project manager.
Dan Carl, AICP Short Elliott Hendrickson Inc.	Indirect and cumulative impact analysis, land use projections, public involvement, DEIS preparation.	Masters in Forest Resources and Conservation, B.S. in Environmental Planning and Policy; experience since 1999 in local and state land use and transportation planning including corridor plans and environmental documentation.
Scott Hasburgh, P.E. Short Elliott Hendrickson Inc.	Oversight of alignment development and public involvement.	B.S., Civil Engineering; experience since 1994 in state and local highway planning, design, and construction.
Mark Kohler, P.E. Short Elliott Hendrickson Inc.	Quality control, alignment review, engineering review, public involvement.	B.S., Civil Engineering; experience since 1980 in highway and bridge design and construction.
Dean Stodola, P.E. Short Elliott Hendrickson Inc.	Alignment development and impact analysis.	B.S., Civil Engineering; experience since 1998 in state and local highway planning, design, and construction.
Charles Wade, AICP Short Elliott Hendrickson Inc.	Agriculture impact analysis, GIS and mapping, DEIS preparation.	Masters in Urban and Regional Planning, B.S. in Urban and Regional Studies; experience since 1996 in local and state land use and transportation planning including corridor plans and environmental documentation.
Heidi Schwarz, E.I.T Short Elliott Hendrickson Inc.	Alignment development and impact analysis.	B.S., Civil Engineering; experience since 1998 in highway and bridge design and construction.
Gloria Chojnacki, CHMM Short Elliott Hendrickson Inc.	Noise impact analysis and air quality analysis	M.S. Environmental and Public Health, and B.S. Medical Technology; experience since 1992 in transportation corridor hazardous materials, air quality, and noise impact assessment
Josh Weiss, P.E. Short Elliott Hendrickson Inc.	Noise modeling	B.S. Civil Engineering, experience since 1999 in noise modeling and state and local highway design and construction.
Michael C. McCarthy, P.E. EMCS, Inc.	Alternative development, impact analysis, public and agency involvement	B.S., Civil Engineering, Professional Engineer in WI; experience since 1989 in transportation planning, environmental documentation, agency coordination, public involvement, rural and urban highway design, and construction management.

Name/Organization	Primary Responsibility	Qualifications
Brian J. Wilson, P.E.  EMCS, Inc.	Alternative development, public involvement	B.S., Civil Engineering, Professional Engineer in WI; experience since 1994 in transportation planning, environmental documentation, rural and urban highway design, and construction management.
Kathryn C. Egan-Bruhy, Ph.D., RPA  Commonwealth Cultural Resources Group, Inc.	Principle Investigator for archaeology surveys for project alternatives including literature and records search.	Ph.D., M.A., B.A., Anthropology; experience since 1977 in the identification and evaluation of archaeological resources, development and implementation of Data Recovery plans to mitigate adverse effects, and consultation with SHPO, Native Americans, other interested parties.
James A. Robertson, Ph.D., RPA  Commonwealth Cultural Resources Group, Inc.	Project Manager and QA/QC oversight of archaeological survey and reporting.	Ph.D., M.A., and B.A., Anthropology; 15 years experience as principle investigator and project manager for transportation projects requiring compliance with Section 106 of the Historic Preservation Act.
Elizabeth L. Miller	Preparation and review of impacts to historic resources, prepared survey of historic resources and Determination of Eligibility (DOE) for six sites.	M.A., Historic Preservation, Urban and Regional Planning; experience since 1983 in identification, evaluation and documentation of historic resources, DOEs, National Register nominations, and reconnaissance surveys.
